

"Let food be your medicine and medicine be your food."
-Hippocrates, 400 BC

Magic Oven was founded in 1997 by Tony and Abby Sabherwal. After years in the restaurant industry, the husband and wife team were committed to offering Torontonians healthy pizza with fresh, local and organic ingredients, free of additives and preservatives, as well as providing pizza for customers with special dietary needs.

At Magic Oven, we are proud to offer a diverse selection of healthy pizzas, pastas and sandwiches. Our ingredients are mostly organic and natural, and we feature mainly local produce. Our pizzas and pastas can be made to accommodate a variety of dietary concerns - we offer organic spelt pizzas, gluten-free rice flour pizzas and the option of vegan or lactose-free cheese. Great, wholesome pizza is now available for everyone.

Our restaurants reflect our commitment to respecting our resources. We use bio-degradable packaging wherever possible, our menus are printed on recycled paper, our pizza boxes are made of recycled cardboard, and we use bio-degradable shopping bags. Magic Oven restaurant locations are all reclaimed sites, saved from demolition crews and feature recycled furniture and fixtures.

Magic Oven is the winner of NOW Magazine's Reader's Poll for Best Pizza, Best New Restaurant, and Favourite Lunch Place. As well, Magic Oven was featured on the cover of the Canadian Pizza Magazine, and Foodservice and Hospitality Magazine billed it as "The Innovator" in its Pizza Section.

Tony and Abby also ensure that their business gives back to the community. Magic Oven has been associated with Tour for Kids, Feast of Fields, the United Way Walk and the Riverdale Share Community Concert. Magic Oven has always been a supporter of The Toronto East General Hospital and has donated product and services for a number of local charities.

We are a family-run business with a commitment to the environment and the community. We are presently looking for 'Friendchise' partners to spread our good taste throughout the city. For more info on the Magic Oven story, please visit our website @ www.MagicOven.com
