DESCRIPTION OF EDUCATIONAL PROGRAMS

School Day games offer grade school and high school students and chance to come out and see a game. Each of our school day games are filled with educational components that help build a solid foundation for the students and their schools.

Career Days are geared for high school students looking to find a career path in business, food and beverage, security, and entertainment. Some of the top Maple Sports and Entertainment executives and staff are on hand to answer your questions and give students feedback on their positions. This is all wrapped up by watching some great Marlies action live at Ricoh.
